SIRS:

Responsive to the OA of 10/9/03, please amend the above  
as follows:

TITLE - Change to read as follows ---Imaging with spin excitation  
while keeping within a specific absorption ratio limit.---

CLAIMS

Claims 1-15 and 17, cancel without prejudice

Claim 16 (priorly cancelled)

Add claims 18-37, appearing in Appendix A-E attached hereto.

REMARKS

Claims 18-37 are in the application replacing claims 1-15 and 17 which were cancelled to expedite prosecution. The new claims 18-37 were drafted to avoid Section 112 problems, and to avoid the Section 102 and 103 rejections. As now presented, it is believed that the new claims 18-37 are in condition for allowance and such allowance is respectfully solicited.

A new Title has been presented, which is believed to be more descriptive and should be acceptable to the Examiner.

I hereby certify that the correspondence upon which this notice is placed is being deposited with the US Postal Service as first class mail in an envelope addressed to the Commissioner for Patents, Box 1450 Alexandria, VA 22315, or to US Trademark Office, 2900 Crystal Drive, Arlington, VA 22202, on the date set forth below.
